

ENERPAC

POWERFUL SOLUTIONS. GLOBAL FORCE.

THE QUICKEST AND EASIEST WAY TO START WORKING RIGHT AWAY

TRADE IN YOUR OLD HYDRAULIC TORQUE TOOLS

TO A NEW ENERPAC

S-SERIES SQUARE DRIVE TORQUE WRENCH

The professional square drive solution.

Robust new handles provide safe and easy operation.

Extra durable new manifold with recessed sealing face provides best in class safety and endurance.

Engravings identify tool brand, model, serial number, CE-ATEX declaration.

Compact, high strength unibody construction provides small operating radius without sacrificing endurance.

 **MADE IN UK**

New reaction arm features larger lever that's easier to operate.

Supplied in a Lockable Case

Special promotion price includes Free shipping to all capital cities and regional centres.

Offer extended to 31/12/2016

Trade in a similar square drive tool, regardless of condition from any manufacturer and save big bucks from an already super low price!
